CURRENT ROLE AT CB RICHARD ELLIS

Tomáš Stařík joined the Industrial Agency of CB Richard Ellis in Prague in March 2008.

He specializes in Moravian market, but has a very good knowledge of the whole real estate market of the Czech Republic. Since the main industrial hubs of the Czech Republic are nearly saturated, Moravia is believed to be very rapidly growing region in the very close future.

Tomáš provides Czech and international owners, developers and occupiers of industrial and real estate with consultancy and leasing services in the Czech commercial property markets. Since Tomáš started with CB Richard Ellis his clients portfolio has rapidly grown. Among his largest current assignments is to find warehousing solution for following companies:

CURRENT ASSIGNMENTS	NATURE OF INSTRUCTION	SIZE (SQ M)
■ Brilum	Leasing and consultancy services	3,500
■ Fabory	Leasing and consultancy services	7,000
■ SCA Packaging	Leasing and consultancy services	3,000
■ Lagermax	Leasing and consultancy services	4,000
■ Femax	Leasing and consultancy services	10,000
■ ArvinMeritor	Leasing and consultancy services	5,000
■ Unipart Group	Leasing and consultancy services	20,000

BACKGROUND

Tomáš Stařík is an industrial real estate agent specializing in the leasing and acquisition of industrial and warehouse space, land disposals and acquisitions in the whole of the Czech Republic. Clients include landlords / developers as well as occupiers and corporate clients.

Tomáš started his full professional working career in 2006 as a Project Manager working for Investment and Business Development Agency, CzechInvest in Prague. From July 2007 Tomáš worked for GE Real Estate as a Portfolio Analyst for Central and Eastern Europe. His main responsibilities were data administration for CEE portfolio, reporting of progress and results of portfolio to headquarters in the USA, and preparation of analysis.
